HEALTHCARE

Respireo NINA is a reusable nasal mask with calibrated exhalation orifices (Vented) intended to be used at home or in a hospital setting by a single adult patient weighing over 30 Kg, who have been prescribed with a non-invasive positive pressure ventilation therapy (NIPPV), e.g. continuous positive airway pressure therapy (CPAP) or Bilevel positive airway pressure therapy (BiPAP).

\* Medical device class IIa CE0051. Please read the user manual.
