

DreamStation

Auto CPAP

DreamStation helps support long-term patient use while creating **new efficiencies for your business**.

Connectivity options offer more monitoring choices than any leading CPAP brand with integrated Bluetooth® on every device, and offering optional Wi-Fi and cellular modems.*

Performance Check simplifies in-home device evaluation and can help reduce the number of normally functioning devices that are returned for service.

EZ-Start's automatic, personalized adjustments to CPAP pressure can help patients gradually acclimate to their prescribed level of therapy.

Daily Progress Feedback displays a simple trend of patients' nightly use to help track progress on the path to adherence.

DreamStation features

- Advanced event detection
- Mask type resistance control
- Mask fit check
- Oximetry capable
- Encore patient management system with optional Adherence Profiler
- DreamMapper patient self-management system compatibility

Humidification

- Fixed, adaptive, heated tube
- Pre-heat humidifier option
- Modular design with one-piece, dishwasher-safe water chamber

Protection programs

- Flex Promise program
- Bi-level Rescue program
- "One-Touch" warranty programs

Auto CPAP features

- C-Flex, C-Flex+, A-Flex
 - SmartRamp
 - EZ-Start
 - CPAP-Check
 - Auto-Trial
 - Opti-Start
 - Digital AutoTrak
 - Advanced event detection
